

No-Y-ian Newsletter and Journal

Editor: Dennis K. Chong

Winter 2010 Volume 4, Number 1

With each season, a set of the core NSP seminars are done. In the way it turned out there was a:

De-Imprinting Seminar March 2010

Women's Centre, Oakville

Dennis gave a talk on 11th February 2010 to the Women of Wisdom, WOW. They have their offices and meeting place in Hopedale Mall, Oakville. The subject of the talk was an Introduction to the Blame Frame, Part I.

It was very well received.

David Hamnet filmed the talk. The hope is to edit it for YOU TUBE.

2010 February Freedom Seminar Class:

Debbie Dow

Debbie has a 16 year daughter who is very willful, things must be her way; if they are not, she explodes into cataclysmic tantrums. She had stormed out of the house and went to live with a relative. In time she rang her mother to say she wanted to come home. Debbie had to think this through. Finally she gave her permission daughter to come home but she laid down the rules of the house that were to be obeyed.

Debbie came to me voicing her concerns what to do in case her daughter exploded in spite of whatever steps she took.

I asked her if she watched the Dog Whisperer. She said she did but irregularly. I told her to do so on a regular basis. And she was to learn from the Dog Whisperer how he brought under control, uncontrollable vicious snarling dogs.

I then emphasized to her the Dog Whisperer's philosophy:
Be calm and assertive.

The Dog Whisperer promises that if you are calm and assertive, the dog would become calm and submissive.

After a time gap Debbie came back to see me. I asked her how things were with her daughter. She exclaimed to me that she had changed significantly. There were only 2 tantrums but they were of minor intensity and quickly stopped. She brought schools marks of 100% and in mathematics she scored 80%.

We are very happy to report this case because our sense that the methodologies of the dog whisperer to rehabilitate dogs applies to children even when they are in their late teens and we suspect even when they are much older.

<http://www.neuro-semanticprogramming.com/>:

We have decided to offer a **Spring and Fall Workshop** and also **Miscellaneous Workshops**.

For the Spring Workshop 2010 we offer *The Guide to the Light Within*. For the Fall Workshop, we are offering *The Introduction to Hypnosis, Part I and II*. For Miscellaneous Workshop we are offering a seminar on Past Lives.

The structure of our web site is in place and we now have the wherewithal to alter it with ease and facility. We can augment, add and expand it as required. The pace of this is increasing. In November 2009 it took 1200+ hits and in February 2010 it took 1700+ hits.

In the No-Y-ian Newsletter is the No-Y-ian Journal. This Journal site is reserved only for written contributions from No-Y-ian students.

NSP Community News

Karen King was the only person who took the Freedom Seminar to the General Public. Then one day in 2000, Gosia rang us to tell us that she had assembled a group of people who wanted to do the Freedom Seminar. She wanted to know if we would do it in Cambridge, Ontario. We agreed and did a very powerful and beneficial Freedom Seminar.

Then on Sunday November 1, 2009, she invited us to dinner at her home. Lester Tobin who has a background in food, wine and catering rose to the occasion and truly gave us all a very fine repast.

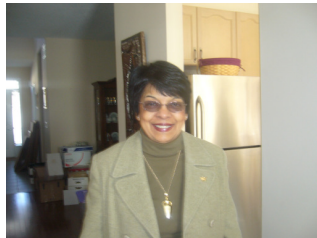

Teresa Cisecki & Richard Reinhart

On 8th November 2009, we co-celebrated Vince Derrick's 50th birthday. Vince is one of the first graduates in NSP. Present at his home in Halton Hills were Margaret and Andre Marsan, Jo, Barbara and John.

Vince's birthday cake

On December 15, Prem Pillay finally left Ontario to settle in Salt Springs Island in BC.

She was and is a good friend of 20 years and a steadfast ally of the No-Y-ian Project in her own quiet and powerful way.

In December, Margaret Marsan agreed to be the contributing poetess to our web site.

Alan Patching:

On Monday, December 07, 2009 8:46 AM we had an incredible e-mail from Alan Patching of Australia. He has been one of students at the National Guild of Hypnotists. He informed us that as far as he knew, for the first time an attempt at the inversion of a cancer would be done in Australia using the model we taught him. We truly pray and wish him success in this endeavour.

Alan Patching is one of Australia's top inspirational speakers:
