Past Lives

This workshop unfolded out of the clinical work of Jennifer K. Smith Chong. For 31 years she has co-shared a clinical practice in Psychotherapy and Hypnotherapy with Dennis.

Over his span of time in Hypnotherapy, Dennis has never had anyone spontaneously regress into a past life. Jennifer and Dennis believe that this has spun off from his disciplined and rigorous upbringing by the Jesuits and the precise and scientific education in Medicine.

However, it happened to Jennifer.

When it happened the first time it was a singular challenge since a thing like this had never happened before and she had never thought of its possibility. Jennifer is an extra-ordinary quick and witty person and when she encountered her first Past Life situation she was able to resolve the issue. In turn, by doing this, the present life problem of the patient ended.

Today therefore, Dennis & Jennifer hold the view that there are certain problems in this life that cannot be resolved unless a past life issue is settled.

This workshop is about various cases that Jennifer will share with you. Strangely, these cases are verifiable.

As a registrant you will travel a journey of mystery and wonderment with Jennifer

You will know the truth that things are never as they seem to be nor as they appear.

Dennis K. Chong & Jennifer K. Smith Chong
