De-Imprinting Seminar

All the language structures of the Aristotelian system of Cause and Effect, a.k.a. Blame Frame are imprinted into our body language as described below:

This seminar uses two technological manouevres out of Neuro-Linguistic Programming, NLP:

- a. anchoring
- b. collapsing anchors

to remove these imprints.

The consequence can be described in this way:

From our experience over some 30 years what we have found that one of the principle benefits is that for the first time in your life you will be at peace with yourself and with your world. This is besides the slew of other general benefits cited in the prediction list that was given to you when you came to the Freedom Seminar plus benefits specific only to you.
